

Do you live in or often visit Älmhult?

Then we would like to know which places in Älmhult that you like and which places that you think should be improved! Scan the the qr codes and mark the places on a map and answer some questions. Your answers are important to us and will be used as a basis for the ongoing Urban Environment Program, but may also be used in other projects that we are doing at Älmhults kommun.

A PLACE YOU LIKE

A PLACE TO IMPROVE
